5. **Discussion and Action:** Regarding filing of the annual report to monitor and evaluate the implementation of Impact Fees, the Capital Improvement Plan (CIP), and Land Use Assumptions. (City Staff)

**SYNOPSIS**

Monitoring and filing of an annual report related to Impact Fees is a necessity. The Committee must meet at a minimum bi-annually to evaluate impact fees, the associated Capital Improvement Plan relating to Impact Fees, and the Lands Use Assumptions for the Impact Fee area as required by Chapter 395 TLGC.

The report consists of statements to make findings on the progress of the overall impact fees process, the Impact Fee Capital Improvement Plan, and the associated Land Use Assumptions.

An update regarding the status of Impact Fee CIP projects will be provided to the Committee at the meeting.

Since the February 2016 meeting of the Impact Fee Advisory Committee, there has been no substantial changes to the land use assumptions as adopted in the impact fee ordinance. The staff recommends to the Committee that the adopted land use assumptions remain valid and consistent with the development in and around Marble Falls.

The following page of this memo is the draft report to be filled for the annual report.

**City of Marble Falls  
Impact Fee Advisory Committee Agenda Cover Memo  
September 1, 2016**

**To: City of Marble Falls City Council**

**From: Impact Fee Advisory Committee**

**Regarding: Impact Fee Advisory Committee Annual Report**

The purpose of this report is to provide City Council an update of the status of impact fees, Land Use Assumptions, and the Capital Improvements Plan as included in the Impact Fee Report, dated September 3, 2013.

The Impact Fee ordinance has been in place since September 3, 2013. Any building permit for new construction will trigger assessment and collection of impact fees. Due to the recent adoption of the Impact Fee and associated study, the volume of development within the September 2013 to September 2016 evaluation period is consistent with projected growth and development patterns.

At this time the Land Use Assumptions continue to be consistent with the adopted 2016 Comprehensive Plan Land Use Plan, and therefore no revisions are required at this time. The Capital Improvement Projects within the Impact Fee Ordinance that are connected to impact fees are commencing consistent with the approved plan. No update is deemed to be warranted to the Capital Improvement Plan or Land Use Assumptions at this time.

The Impact Fee Advisory Committee does not believe that any revisions to the Land Use Assumptions, Capital Improvements Plan, or Impact Fees are warranted at this time.
